

# SPLATOON 3 PHASE RULES

R!OTFEST O'J UNGLE

Phase Rule 1:

**CLAM YOUR WEAPON!**

## **01 | Put a Clam On That Weapon Dog**

**To issue a weapon clam, make a post on the DCF thread “Splatoon Phase Weapon Clams” indicating what weapon is being clamed, and include a photog of your locker with some hype for that weapon in it.**

**Only unclamed weapons can be clamed, as long as a specific weapon is clamed is it BEAX'D AUS for all other dogs, in all multiplayer competitive game modes, including Splatfest, Turf War, League Battles, Private Battles, and Ranked Battle. Dogs are exempt from this rule if you are nut given a choice of weapon in a game mode, for example in single player or Salmon Run.**

**Dogs may only have one Splatoon weapon clam at a time, the clam is only for that exact weapon sub and special combomb. Unclamed weapons are all fair game, and dogs may unclam a weapon at any time, either by public declaration on the DCF or by making a new clam, which will erase any previous outstanding clam.**

# Phase Rule 2:

# SPLATFEST BANNER RALLY

## 02 What team? Wildcats!

**If a SPLATFEST occurs during the phase\*, all dogs participating must sign up under the same agreed upon team.**

**To find out what team the club is hooped on, check the DCF or Discord and feel free to push an agenda !**

\*If this shog is phased out and you're hooping a Splatfest, it's ledge just hoop what-fer
