

Dog Club Census & Survey

Year of O'Fantashog Update

Working within the Official Secretarial Duty to "Keep and Maintain All Dog Club Records," the Secretary of Secretaries is issuing an O'Fish Dog Club Census and Survey for collection during the Year of O'Fantashog. The previous Census and Survey was completed back in O'6 (quite literally), so the Dog Club is in desperate need of updating after this great time.

All fields must be filled out and no information should be withheld. If information required is not known to your party, contact the Department of Secretaries immediately for assistance and/or exemptions.

This Census and Survey must be completed by all active DOGS to the best of their abilities and submitted to the Department of Secretaries (either physically or digitally) before the end of the Year of O'Fantashog (Jan 19th).
